1. At various occasions pursuant to authorization of your office personnel from the Register and other offices of the Agency have reviewed certain Securities and Exchange Commission records at the Federal Records Center, 2301 Lawrence Ave., NE. It has now been determined by [REDACTED] Executive Officer of Collection and Dissemination; [REDACTED] Office of Operations and representatives of this office that it is necessary and desirable that the particular group of records in above subject title be transferred, in their entirety, to the Agency for permanent incorporation in Industrial Register files and for other uses.

2. It is understood that the documents were developed by the Securities and Exchange Commission for the Board of Economic Warfare. They were retained in the offices of the Securities and Exchange Commission until retirement. Mr. Mollis, Archives representative at 2301 Lawrence Ave., NE, advises Mr. James Hindle, Records Officer, Securities and Exchange Commission, has no further interest in the files. Mr. Mollis also advises that Mr. Shipman, State Department, Records Officer, has stated that State Department not being the accessioning agency has no interest in retention of the files intact. It is requested that your office arrange for transfer of the 42 boxes under RG 266, Accession 52A212 to this Agency. No commitments should be made guaranteeing the integrity of the files.

3. Inasmuch as the Register will coordinate the review and use of the material by other offices of the Agency and will become the ultimate consumer of a large percent of the material it is suggested that the shipment when received be marked for the Industrial Register, OCD. It is requested the shipment be consigned for temporary storage to the Agency Records Center [REDACTED] and that this office be notified of the receipt of the material. 25X1A6A
